Summary

Computer Science (AI & ML) undergraduate and Full-Stack Developer (React, Node.js, MongoDB, TypeScript) with hands-on experience building and deploying AI-integrated web platforms. Software Developer Intern at UnsaidTalks; Google Student Ambassador 2026. 3rd Rank, GitGrade Hackathon. Strong foundation in data structures, RESTful API design, and applied research, seeking a Research / Software Engineering internship.

Education

M.H. Saboo Siddik College of Engineering, University of Mumbai — Mumbai, India
Bachelor of Engineering, Computer Science Engineering (AI & ML) — *Sep 2024 – May 2028*

Experience

UnsaidTalks Education Pvt. Ltd. — Jun 2026 – Present
Software Developer Intern — *Mumbai, India (Remote)*
- Develop full-stack features (authentication, dashboards, notifications, user management) for production web applications.
- Contribute to AI-powered platforms including an automated Resume Builder and Resume Reviewer tool.
- Collaborate with mentors using Git-based version control and Agile workflows; follow software development best practices.

Google — May 2026 – Present
Google Student Ambassador 2026 — *Mumbai, India*
- Selected to represent Google's AI and developer initiatives within the campus community; organize technical workshops on Gemini and Google AI tools.

eDC, IIT Delhi — Dec 2025 – Feb 2026
Campus Ambassador – BECon 2026 — *Remote*
- Led digital outreach for IIT Delhi's flagship entrepreneurship conclave; ranked among top-performing Campus Ambassadors nationwide.

Projects

RepoMirror | *React, TypeScript, OpenAI API, Supabase, Vercel* – Live | Code — Dec 2025
- Built an AI-powered platform that evaluates GitHub repositories with recruiter-level review logic, producing a scored report (0–100) and prioritized improvement roadmap.
- Integrated OpenAI API for automated code-quality analysis; secured API keys via Supabase Edge Functions. Secured 3rd Rank at GitGrade Hackathon.

LegalEase | *React, TypeScript, Supabase, Web Speech API, Vercel* – Live | Code — 2025
- Developed a live AI-powered multilingual legal assistant (Hindi & Marathi text-to-speech via Web Speech API) that converts complex Indian legal documents into plain-language explanations, with Supabase-based auth and database.

WanderLust | *Node.js, Express, MongoDB Atlas, Passport.js, Render* – Live | Code — Oct – Dec 2025
- Built a full-stack travel and hosting platform using MVC architecture with session-based authentication and Cloudinary image uploads, deployed on Render.

Smart Energy Monitoring & Billing Platform (IoT) | *Node.js, Express, PostgreSQL, Prisma* – Code — In Progress
- Designing a backend system for IoT-based electricity billing across residential societies with JWT auth, role-based access control, and automated consumption-based billing logic.

Research

Design and Implementation of a Web-Based Campus Event and Club Management System — Co-Author, 2026
- Co-authored a paper proposing a centralized web platform (React, Supabase) for MHSSCE to digitize campus event scheduling, club registration, and participation tracking via role-based dashboards and an AI chatbot; submitted under the post-conference publication track of ICSSSD (Paper ID: 113).

A Critical Analysis of Builder.ai: Factors Behind the Collapse of an AI-Driven Startup — Co-Author, 2026
- Co-authored a qualitative case-study analyzing strategic, technological, and governance factors behind Builder.ai's collapse; submitted to SMARTSSD 2026 conference track (Paper ID: 123) under the AI, Data Science & ML subject area.

Technical Skills

Languages: JavaScript (ES6+), TypeScript, Python, Java, HTML5, CSS3
Frameworks/Libraries: React.js, Node.js, Express.js, Tailwind CSS, shadcn/ui, Vite
Databases: MongoDB, MongoDB Atlas, PostgreSQL, Supabase
Tools & Platforms: Git, GitHub, Vercel, Render, Postman, Cloudinary, Prisma ORM
Concepts: REST API Design, MVC Architecture, JWT/Session Authentication, AI API Integration, Data Structures & Algorithms

Achievements & Certifications

- 3rd Rank, GitGrade Hackathon – RepoMirror (AI-powered GitHub evaluation platform)
- Top-Performing Campus Ambassador, IIT Delhi eDC BECon 2026 (ranked nationally)
- Generative AI for All – Certification | AWS Solutions Architecture Job Simulation – Certification
